

LaRC SAFETY HIGHLIGHTS

March 18, 2002

FY 2002 - Civil Servants

() = Number of new occurrences

OSHA Recordable Cases = Fatalities, Lost Time, Incidents and Restricted Work Incidents
Incidents = Cases in which more than first aid treatment is required, but less than 8 hours of time is lost.
Restricted Work Incidents = Cases requiring first aid treatment, resulting in light duty restrictions.

Injury/Mishap Information

- The Center has been **49** days **without** a Civil Servant **Lost Time Injury**.
- The following first aid cases involving civil servants were reported:
 - A SEC employee sustained a puncture wound to the right hand, after striking the point of a mechanical pencil, while reaching for a machining tool.
 - An OP employee tripped while ascending a stairway, sustaining contusions and abrasions to the right knee.
 - A SMC employee sustained a contusion to the right finger, while tightening a bolt with an impact wrench. The wrench slipped striking the employee's hand.

Facility Safety Heads and Facility Coordinators - Each LaRC facility has been assigned a Facility Safety Head (FSH) and Facility Coordinator (FC). They are responsible for the daily oversight of activities within their assigned facility and are the focal points for identifying and rectifying safety hazards/issues within their facility. A current listing of FSHs and FCs is available via URL: <http://safety/FSHFCListing.pdf>.

Weekly Video Schedule - March 18-22, 2002 - Lockout/Tagout; Pro-Active Safety; Rigging Equipment; Forklift Safety; and Electrical Safety.
